GMOD Engineer Academy The Machinist's Sanctuary

Project: ACE Simple Car

DWG.#: 0000-0005 Client: Armored Combat Extended

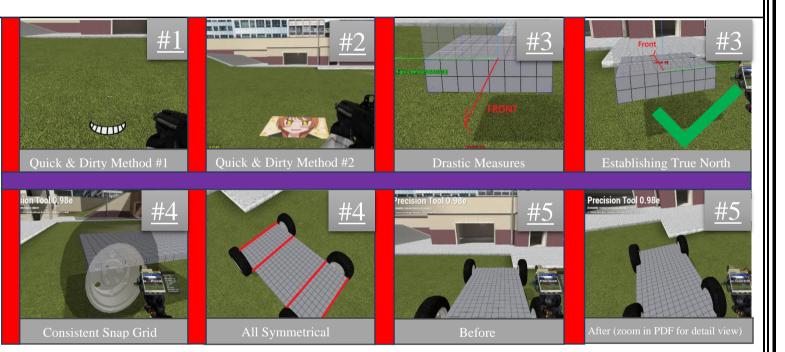

Page 1 of 4

Routines, Sub- Routines, Operations	Description and Remarks	Tools/Men u/Spawnlist etc	Settings/Remarks #2	
10	10 FINDING NORTH ON A MAP			
A 3 METHODS TO FIND NORTH (SPAWN ANY SPROPS)				
a USE THE PAINT TOOL TO FIND THE NORTH DIRECTION OF THE MAP (REFER TO PICTURE #1)		PAINT → SMILE	PLACE THE SMILE ON THE GROUND, THE UPWARD SIDE POINTS NORTH (THE WAY IT FACES IS NORTH)	
b USE YOUR OWN SPRAY (REFER TO PICTURE #2)		PRESS T TO SPRAY	USE THIS METHOD AFTER REMEMBERING THAT THE TOP OF YOUR SPRAY POINTS NORTH.	
FIND YOUR NORTH POSITION ON THE MAP, THEN USE THE STACKER TOOL TO LOCATE THE TRUE NORTH FACE OF THE PROP/YOUR SETUP (REFER TO PICTURE #3)		STACKER - IMPROVED	Turn the prop to the opposite side if the 'front' label points at you. If it's already on the opposite side, do nothing.	
20	BUILDING THE SIMPLE CAR PART 1			
A	SPAWN PROPS: • RECT_72x144x3 • T_WHEEL30	SPROPS → PLATES NORMAL SPROPS → TRANSPORTATION	HOVER YOUR MOUSE OVER A PROP IN Q MENU TO SEE ITS NAME. USE MY SPROP SIZE OR FACE TROUBLESHOOTING ALONE.	
a	ORIENT YOUR SETUP BUILD NORTH TO SECURE CONSTRAINTS FOR FUTURE DUPLICATIONS		TO AVOID DISRUPTING CONSTRAINTS (AXIS CENTRES, BALL SOCKETS ETC.)	
b START ATTACHING THE WHEELS TO YOUR BASE PLATE (REFER TO PICTURE #4)		PRECISION OR PRECISION ALIGNMENT (ADVANCE USER)	MOVEHOLD E TO ACTIVE SNAPLEFT CLICK	

Picture Board

Language: English

Date: October 20 - November 06, 2024

Routines, Sub- Routines, Operations	Description and Remarks	Tools/Men u/Spawnlist etc	Settings/Remarks #2	
c	PUSH THE WHEELS CLOSER FOR BETTER BASE CONTACT (REFER TO PICTURE #5)	PRECISION	APPLY \rightarrow PUSH/PULL: 50 \rightarrow RIGHT CLICK (RIGHT CLICK TO PUSH OR PRESS R TO PULL)	
d	CREATE A DUPLICATE OF YOUR CAR FOR TESTING PURPOSES.	ADVANCE D DUPLICATOR 2	HOLD SHIFT + RIGHT CLICK & RIGHT CLICK TO COPY (A GREEN BOX WILL APPEAR, COPYING THE SIZE INSIDE IT.)	
В	SETTING UP THE CONSTRAINTS			
a	APPLY THE AXIS CENTER TO THE WHEELS FROM THE SIDE VIEW, NOT THE TOP, AND USE THE BASE PLATE FOR ALL CONSTRAINTS. (REFER TO PICTURE #6)	AXIS CENTRE	 FORCE LIMIT: 0 TORQUE LIMIT: 0 ROTATION FRICTION: 0 NOCOLIDE: ON 	
b	TEST EACH WHEEL INDIVIDUALLY USING YOUR PHYSGUN OR PUT A THRUSTER ON TOP TO ENSURE IT SPINS SMOOTHLY.		HOLD "E" AND LEFT-CLICK, THEN FLICK YOUR MOUSE UP OR DOWN ON THE WHEEL AND RELEASE EVERYTHING.	
c	CONTINUE THE STEPS IF CORRECT; IF NOT, REVISE CONSTRAINTS AND USE YOUR BACKUP COPY. (REFER TO PICTURE #7)	ADVANCE DUPLICATOR 2	REMOVE YOUR ENTIRE BUILD AND TRY AGAIN.	
30	BUILDING THE SIMPLE CAR PART 2			
A	ENGINE, GEAR, FUEL & DRIVER SETUP			
a	PLACE THE 2400CC V-TWIN ON THE BASE PLATE (CHOOSE FWD OR RWD FOR YOUR CAR REFER TO PICTURE #8)	ACE MENU	MOBILITY \rightarrow Engines \rightarrow 2400CC V-TWIN	
b	PLACE THE DIFFERENTIAL, SMALL ON THE BASE PLATE (REFER TO PICTURE #8)	ACE MENU	GEARBOXES → DIFFERENTIAL, SMALL • GEAR: 1 • FINAL DRIVE: 0.1	
c	PLACE THE FUEL TANK ON THE BASE PLATE	ACE MENU	MOBILITY → FUEL TANKS → PETROL (PICK YOUR SIZE OR USE TANK CONFIG LEGACY)	
d	PLACE THE DRIVER ON THE BASE PLATE	Q MENU	ENTITIES \rightarrow ACE CREW SEATS \rightarrow DRIVER	
e	PLACE THE CAR SEAT ON THE BASE PLATE	Q MENU	VEHICLES \rightarrow CHAIRS \rightarrow AIRBOAT SEAT OR (SPAWN YOUR FAVORITE CHAIR)	
f WELD DOWN ACE MISC. & CAR SEAT ON THE BASE PLATE		WELD	FOR ADVANCE USER USE WELD-SMART OR OPTIWELD (I PREFER THIS ONE)	

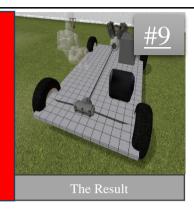

Picture Board

Prepared by: R-0-1-X Ice Frost Date: October 20 - November 06, 2024

Routines, Sub- Routines, Operations	Description and Remarks	Tools/Men u/Spawnlist etc	Settings/Remarks #2	
40	BUILDING THE SIMPLE CAR PART 3			
A	SETTING UP THE ACE MISC.			
a	LINK THE DRIVER TO ENGINE ACE MENU		RIGHT CLICK ON DRIVER & ENGINE	
b	LINK THE FUEL TANK TO ENGINE	ACE MENU	RIGHT CLICK ON FUEL & ENGINE	
c	LINK THE ENGINE TO DIFFERENTIAL	ACE MENU	RIGHT CLICK ON ENGINE & GEARBOX	
d	LINK THE GEARBOX TO WHEELS (REFER TO PICTURE #9)	ACE MENU	RIGHT CLICK ON GEARBOX & WHEEL. REPEAT THIS STEP FOR OTHER WHEEL	
50	BUILDING THE SIMPLE CAR PART 4			
A	SETTING UP THE WIREMOD MISC. PART 1	WIRING TOOL		
a	FUEL TANK TO CONSTANT VALUE	ACTIVE → 1	#1 CONSTANT VALUE: 1	
b	ENGINE TO CONSTANT VALUE	ACTIVE → 1	#1 CONSTANT VALUE: 1	
c	ENGINE TO INCREMENT/DECREMENT GATE	THROTTLE → OUT		
d	GATE INCREMENT/DECREMENT TO CONSTANT VALUE $A \rightarrow 1$		#2 CONSTANT VALUE: 5	
e	LINK THE POD CONTROLLER TO CAR SEAT POD CONTROLLER		RIGHT CLICK ON POD CONTROLLER & THE CAR SEAT	
f	GATE INCREMENT/DECREMENT TO POD CONTROLLER	INCREMENT → PREVWEAPON		
g	GATE INCREMENT/DECREMENT TO POD CONTROLLER	INCREMENT → NEXTWEAPON		
В	WIREMOD THRUSTERS & LATCHES			
a LEFT THRUSTER & RIGHT THRUSTER TO POD CONTROLLER		$A \to A \text{ (KEY)}$ $A \to D \text{ (KEY)}$	FORCE MUL: 4000 (REASONABLE FOR BASE PLATE WEIGHT OF 70)	
b	CENTER BACK THRUSTER TO NEGATE GATE	$A \rightarrow OUT$		
С	LEFT LATCH & RIGHT LATCH TO POD CONTROLLER	$ACTIVE \rightarrow SPACE$	LATCH YOUR BACK WHEELS (X2)	
С	SETTING UP THE WIREMOD MISC. PART 2	WIRING TOOL		
a	GATE NEGATE TO LESS THAN GATE	$A \rightarrow OUT$		

Picture Board

Date: <u>October 20 - November 06, 2024</u>

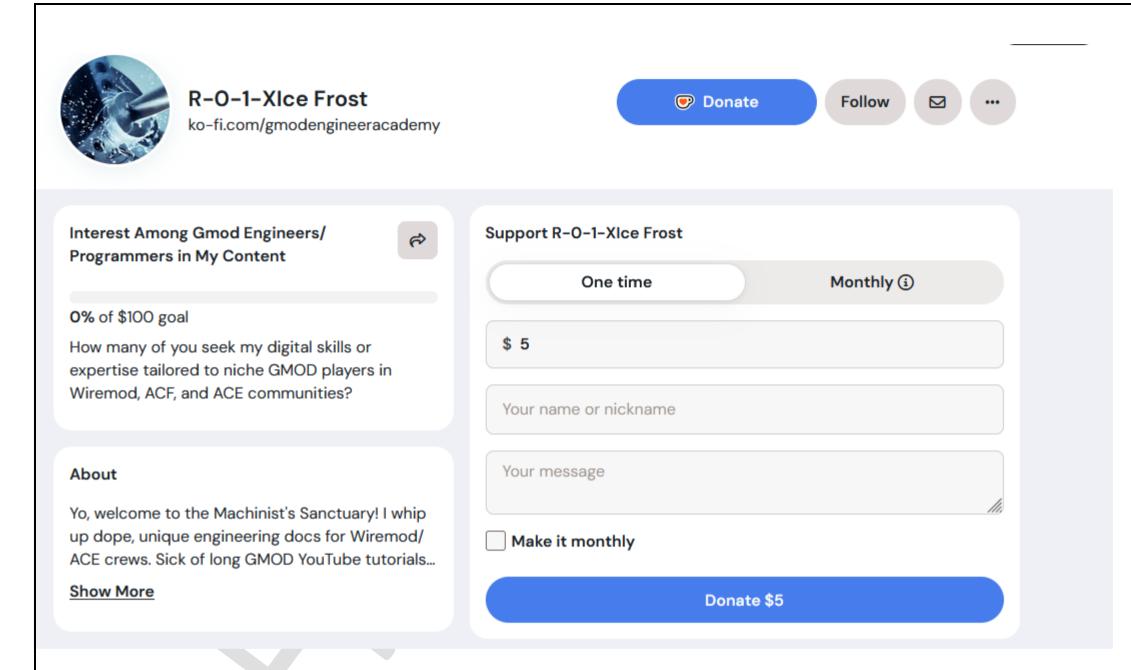

Page 3 of 4

Routines, Sub- Routines, Operations	Description and Remarks	Tools/Men u/Spawnlist etc	Settings/Remarks #2	Picture Board
b	GATE LESS THAN TO INCREMENT/DECREMENT GATE	$A \rightarrow OUT$		
С	GATE LESS THAN TO CONSTANT VALUE	$B \rightarrow OUT$	#3 CONSTANT VALUE: 0	Adjust the Throttle problems? Redo constraints;
D	DUPLICATE YOUR BUILD & APPLY MAKE SPHERICAL TO ALL WHEELS			base plate's weight Basic Diagnostics ensure wheels spin smoothly.
a	COPY YOUR BUILD	ADV.2		Silloutily.
b	TEST YOUR CAR			OR If the car experiences a technical issue
С	APPLY MAKE SPHERICAL TO ALL WHEELS	MAKE SPHERICAL		OR
d	YOU'RE DONE!!! *** SUB TO MY YOUTUBE FOR THAT MOTIVATION, 'CAUSE THIS CONTENT TAKES MAD EFFORT AND SHOWCASES MY DIGITAL SKILLS!		TO VIEW YOUR ENGINE'S STATS, PRESS "C," HOVER YOUR MOUSE OVER THE ENGINE, RIGHT-CLICK, AND THEN LEFT-CLICK ON THE DEBUG OPTION.	Reduce the final drive gradually Car's spinning/chattering Make sure nothing is colliding.
				If all else fails, redo everything or get help from experienced builders on Discord's
60	TROUBLE SHOOTING CHART		SEE THE PICTURE BOARD	ACE (Armored Combat Extended) or ACF (Armored Combat Framework) —I'm with ACE by coincidence
A	TROUBLE SHOOTING CHART		SEE THE PICTURE BOARD	Thi with ACL by coincidence
